#### **ABOUT ME:**

Hello and welcome to my ACTION PLANNER. My name is Gary Simpson and I live in Perth, Western Australia. I am a meticulous planner and I have devised this "TIME IN MOTION" e-book for you to be able to use with all your online (and even "off-line" projects).

I have been using systems like this for many years but it is only now, with my involvement in the Alex Jeffreys Internet Marketing Mentoring and Coaching program that I am undertaking, that I have seen how completely distracted, unfocussed and overwhelmed most people can become.

Without a plan you are going to end up somewhere else.

There is an old adage that says: "Failing to plan is planning to fail." Believe it.

This e-book is my gift to you. It is ridiculously easy to use and the download can be used over and over again for ALL your projects for the rest of your life.

I have always been highly organized and I am always amazed at how dis-organized so many other people are. I used to think everyone did what I do but I know now that this is definitely not the case. Hence, my little e-book.

You can find out more about me at <a href="https://www.motivationselfesteem.com">www.motivationselfesteem.com</a> and a LOT more about my involvement in Internet Marketing, in general, and with Alex Jeffreys, in particular, at <a href="https://www.motivationselfesteem.com/blog">www.motivationselfesteem.com/blog</a>.

If you would like to know more about the "coaching" that I have undertaken then you can visit <a href="https://www.motivationselfesteem.com/wealthbuilder.htm">www.motivationselfesteem.com/wealthbuilder.htm</a>

#### **INTRODUCTION:**

Use this planner to map out your year in monthly increments. Each month has a day where you can enter your plan and then follow the execution of that plan.

At the end of the month there is a section where you can summarize all your KEY achievements and review your time spent. This will allow you not only to feel pride for what you have done but also see where all your interruptions are coming from.

Note: This planner should ONLY be used for DEDICATED project time – ie WORK hours, or what you want to classify as work hours. Family time and holiday/vacation time should be excluded.

In reality, the whole thing is what you want to make of it. It's YOURS to do with as you will and to USE as you will.

You can even use several ACTION PLANNERS for separate projects if you want. It is entirely up to you!

#### **YOUR PLEDGE:**

This ACTION PLANNER will Accordingly, I would like yo	only work if you USE it. ou to make the following pledge:
	will faithfully record ALL my tasks oject is called
	e as my ment and I do this on this the in the year

I know that my word and my signature are my bond and there is NO person more important than me when it comes to personal commitment and integrity to follow through.

#### **INSTRUCTIONS FOR USE:**

- **1** Download this e-book to your computer,
- 2 Print out ONE copy (this is your "master" copy),
- **3** take that copy to a print shop and have 12 copies printed,
- **4** Have the print shop people bind all copies using a spiral binder (so they will lay FLAT),
- **5** Mark up all copies with the month and year for this month and the next 12 months,
- **6** Put the following 11 months into your stationery cupboard,
- **7** Begin to use the ACTION PLANNER for the current month IMMEDIATELY. Do not wait for the start of the next month to do it. Start NOW even if it is 5, 10, 20 or even 25 days into the month. NEVER wait. Start using the ACTION PLANNER **NOW**!
- **8** At the end of each month spend half an hour filling in your summary. This will allow you to see your list of achievements. It will also permit you to zero in on activities and people who "waste" your time. You can then take measures to minimize or stop the time wastage.

That's it. It's EASY.

It's up to you exactly how you want to use your action planner and what entries you want to make. Enjoy it and realize the power you now have over your time.

### **ACTION PLANNER ACTIVITY SUMMARY:**

Here is where you get to look back on your month and review your efforts and results.

First thing to do is to get an average score of your days. So add up EVERY score on your right hand pages.

A - Enter the number here:	

B - Now add up the number of days in the month or, if it was a part month, the number left if you came into the month part of the way through (ie: the number of days you worked).

Enter the number here:

C - Divide B into C.

D - Match that number here:

0	1	2	3	4	5	6	7	8	9	10
ZERO	WASTED	WEAK	POOR	FAIR	AVERAGE	GOOD	V GOOD	POWER	EXCELLENT	WONDERFUL

This now shows you – very clearly – your AVERAGE effectiveness through the month for the days you chose.

Next, list the main achievements that you had. You can't list everything or this, in itself will become an onerous and time wasting procedure. That is why I only list ten but you go with what you want. You might only like to list 4 or 5 or 6.

All of this should take only 15 minutes to half an hour or you can review your results while watching one of those USELESS TV shows, or in some other "down time."

Then, once you have done that run down the RHS and list the Order of Importance of your achievements.

No:	Achievements:	OOI:
1		
2		
3		
4		
5		
6		
7		
8		
9		
10		

Now list the THREE most important or satisfying things you have done for the period in order from the list above.

No:	Achievements:
1 <sup>st</sup>	
2 <sup>nd</sup>	
3 <sup>rd</sup>	

### SPECIAL BONUS SECTION:

I have to admit that I wasn't going to put this little section in. It just gives away too many of my little techniques and secrets. But... it just seemed so damn appropriate. So, here it is:

### TASKING:

We all know people who run to us with all sorts of frivolous requests. You probably have a couple in mind right now, don't you?

These people are PRIME time wasters. Yes, they can probably do most of the things that they sponge off others with anyway. They just need to think and stop being so darn lazy. So, in effect they are really time thieves.

Some time ago I devised a little counter-measure for these people. You see, what they are really doing is putting their time in front of mine and that is just not fair. So I invented something that I have called "tasking." Here is how it works...

... The time-waster/time thief (who can easily be identified from your monthly ACTION PLANNER ACTIVITY summary or simply from the incessant nuisance factor that they are in your life) will soon find another person to pillage time from if YOU find THEM a task to do every time that person asks you to do something for them. Here's an example of how it works...

John: "Hi (your name). I was wondering if you would run me off a copy of the 50 page report for me? I seem to have lost my copy.

(YOU): "Sure, John, but I'm really busy right now and besides I'm completely out of paper right now. If you go and buy some I'll get it done for you."

This is an example of how you would trade time wasting for... time wasting. In this example we will soon see how serious John is.

When you TASK somebody several times in a row they soon realize that they get a time and energy wasting task in return. After a while they seek out another compliant person – an "OK" person – that is somebody who says "OK" without any counter-measure or counter-task technique to fire back.

Like it? I do. Because it works! Now here is a TIP within this most excellent TIP...

... ALWAYS make your counter-task a bigger and more time soaking task than that of your annoying "friend" (as in the example above).
